INFORMATION BULLETIN  
2021

[WWW.SCTA.CO.UK](http://WWW.SCTA.CO.UK)

# NOTICE

**Please remember that all the published dates in this bulletin are subject to change under the prevailing restrictions.**

If for any reason we cannot hold selection shoots due to any of the following:

- Government restrictions prevent sporting activities being undertaken.
- Shooting grounds are unable to accommodate large numbers on their grounds due to local restrictions.

Notices will be placed on the SCTA website and Facebook pages to notify the members of any cancelled shoots.

The SCTA will endeavour to sanction shooting competitions whenever we can, but there may be some limitations to ensure fairness of competition.

If travel restrictions do not allow a competition to be truly “open” then that shoot may have to be re-classified as a registered shoot. This means the competition can go ahead if the shoot organisers follow the Government and sportscotland guidelines to ensure the health and safety of the competitors. The SCTA will then record the scores for purposes of averages and classifications. Any scores from a registered competition will be recorded but they will not count towards Scottish Team selection. This approach means that shooting will be available to some members rather than cancel the shoot for everybody.

Scottish Team selection shoots, for fairness of competition, will be open to all, therefore the selection process may be modified to reflect the current restrictions in force at the time. This could mean that team selection shoots may be nominated, for example 2 open shoots could be chosen and the team selected from the resulting scores. Or in the very worst case if no competition has taken place before a team has to be selected for a Home International, there is the option to convene a selection committee.

Please follow any Government restrictions in place at the time of competitions, especially concerning travel. Currently there are new laws restricting travel in the different restriction levels and if a shooter is found to be breaking the law you may be at risk of losing your shotgun license.

# Chairman's Report

Dear Members,

2020, what a year!

Nobody would have believed you if you had said back in February that the rest of the year was going to be cancelled, but it pretty much ended up that way.

At the start of the year, we had just over 1100 active members, very similar to the previous year so in pretty good shape for the year ahead.

The Board has been working hard throughout this year, holding twice as many meetings as would be held in a normal year. As the situation was very dynamic, you can guess what the main agenda topics were for most of the meetings. The SCTA has had input into the Scottish Target Shooting document that sets out the guidelines for shooting under the COVID19 restrictions that have changed many times over the year. I must thank Oliver Barsby the Chief Operating Officer of the STS for keeping the SCTA involved in creating the documents and also for keeping the SCTA up to date with sportscotland discussions. The Board and I have had many enquiries from members and grounds about what is permitted under the current guidelines and restrictions. I hope you think this guidance has helped to make sure that shooters were being kept safe during this pandemic.

The association still had the usual and many outgoings at the beginning of the year, such as the printing and posting of the bulletin paying for members insurance, paying our membership fees to the ICTSC, expenses etc. However, the cancellation of the Home Internationals provided a "fortunate" excess of around £20,000 which the board looked to use to the benefit of the membership. We looked at what we could do with this "fortunate" excess as normally this money would be used towards our Scottish Teams expenses, entries to the Home Internationals and banquet tickets etc. We looked at offering a discounted membership fee for 2021, this would have worked out to be less than £19 per member that joins in 2021, but this would not have benefited all the 2020 members that had contributed to the excess. Another option that was considered was additional funding and training for Juniors, this was deemed not to benefit the majority of the membership.

During an ICTSC in 2019, it was requested that all Associations hosting a Home International should have a defibrillator available at the events, taking this idea forward it was suggested that the SCTA could use the projected excess to purchase defibrillators. It was agreed that this would be a very good use of the excess funds as the defibrillators will be held at shooting grounds across the whole country and they would be there for the benefit of all shooters. Defibrillators were sourced and a good price was negotiated so an order was placed. I really do hope that we never have to use them in earnest but if we do and it saves only 1 life it will be money well spent.

The details of the units purchased are below along with a list of the grounds that have been given them.

## **DefibTech Lifeline Fully Automatic Defibrillator** **Standard Capacity (125 Shocks)**

### The latest evolution in the award-winning lifeline defibrillator series

The Lifeline AUTO is a fully automatic defibrillator designed to analyse heart rhythm and automatically deliver a shock—without intervention—if needed.

The Lifeline AUTO includes all mission critical features necessary to provide the most advanced treatment for Sudden Cardiac Arrest. Yet it's so simple and unintimidating to use that even non-medical personnel can effectively save lives.

The Lifeline AUTO was developed by experienced multidisciplinary engineering teams and incorporates state-of-the-art digital signal processing techniques and advanced ECG analysis algorithms. The device exceeds the American Heart Association performance recommendations—giving the user confidence the correct therapy is being delivered.

The Lifeline AUTO defibrillator uses advanced biphasic technology—including the most studied biphasic shock waveform—and automatically adjusts the shock delivery to the person's individual needs.

For first response professionals like police, fire and EMS, the Lifeline AUTO is standard equipment. For schools, offices, malls, factories, and public places, it is becoming as vital as a fire extinguisher.

- One of the simplest, and easiest defibrillators on the market for ease of use
- Bright status indicator shows you the Lifeline is ready to provide life-saving care
- Clear verbal and visual instructions guide you through each step of the rescue process
- Bright oversized buttons help untrained defibrillator users
- Preconnected electrode pads easily apply to the patient to administer treatment
- Self-contained defibrillator with no need for lids or additional case
- Rubberised sides protect the unit from impact damage
- Carry handle for easy transportation
- Carries out automatic diagnostic tests so the unit is always rescue ready

This COVID-19 pandemic is still not over as we move into the 2021 season. The SCTA and the grounds have put together a schedule of planned competitions, starting in March 2021, that are in this bulletin and will be available online.

The Board will continue to hold monthly meetings to monitor and review any new restrictions that may come about. The planned shoot schedule is very dependent on this and very dependent on having the grounds open to customers. This is especially important as we cannot have competitions without the grounds. We may have to change our team selection policy as we move into the season. We must ensure equity of competition wherever possible, so all shooters that want to try for a team place can. I know that if the restrictions do change, this might not be possible. Please bear with the Board, we are trying to get shooting competitions going as soon as possible, even if it is local registered shoots instead of selection shoots. Meetings with the ICTSC are ongoing regarding the Home Internationals to get agreement on what can be achieved this year and how Brexit is having an impact on competitions in Ireland.

Many thanks to all the affiliated grounds on doing their best in being prepared to receive shooters in these difficult times.

I would also like to welcome Ewen Patience and Ewen Johnson to the Board as Directors and also Paul Nelson for stepping up as skeet rep and Peter Cairney for stepping up as Sporting rep.

As I said at the February 2020 AGM, I will be stepping down as Chairman this year, I have served as a director of the SCTA for just over 7 years and Chairman for the past 4 years. I thank everyone for their support over the years. I will not be going too far, so say hello when we meet around the grounds.

Finally, I would like to thank the Board and discipline reps for all of the continued support throughout this difficult year, attending the virtual meetings, overcoming the IT issues to make shooting better in Scotland.

May I wish you all success in whatever discipline you choose for the coming year.

# Administrator's Report

Hi all,

Well, 2020, what can I say!

No one expected last year to turn out the way it did. I'm sure we all thought that we would be back to normal after just a few weeks last March but here we are, 2021 and not that much has changed.

The Board had meetings on a monthly basis throughout 2020 instead of every 2 months, we had a lot of difficult decisions to make in the very changing circumstances.

The support we got in making these decisions was very much appreciated as we know they did not please everyone, but the decisions we made were made for the right reasons, mainly the health and safety of the membership.

Doing things virtual seems to be the way forwards so for now and continuing into 2021 we will continue to hold the virtual board meetings and we are going to trial an online Safety Officers course the details of which are still being worked out.

We have been liaising with the other Associations regarding the 2021 Home Internationals and meetings are being made to discuss this. I know the SCTA would like to go forward thinking we will get back to some kind of normal for shooting in 2021 so fingers crossed.

The Defibrillators have been delivered and have been very well received by the grounds that got one. I hope we never ever have to use one but if we do and it saves one life then it's been money well spent in my opinion.

As always, we continue to look for people who would be interested in coming onto the board or to take up a discipline reps post. Please contact me if you think you would be interested. So, here is to 2021 and all it will bring. Firstly, I hope that we can get back to normality where we can get back out there and meet up with our families and friends and secondly here's to getting the shooting calendar back up and running and that you can all get back out shooting again.

### **Non-International Trophies**

Have you represented Scotland or any other Country in ANY Discipline? **Yes / No**

You will be automatically eligible for any prizes and trophies in the category and class you have entered. You will still be eligible for the main competition trophies and prize monies in addition to any trophy for which you may be eligible in your category. You will be required to insure any trophies won and are bound to return them to the SCTA prior to the next year's Championship.

Entries will be **taken on the day** at all Scottish Championships; however, once the allocation of places has been filled **entries will be closed, this may be before the day of the Championship**. You are advised to pre-enter to ensure that you are allowed to compete.

**Prospective Scotland Team members MUST pre-enter by the cutoff date shown above. Failure to do so may render your team application void. You should obtain proof of postage or a receipt from the ground as this will be required should any dispute arise as to your entry.**

# Scottish Team Selection Procedure 2021

It is the policy of the SCTA to promote a performance-based selection procedure.

Everyone who competes in a selection shoot is a potential team member. There is no requirement to submit a team selection form for any discipline.

Shooters scores and ranking place will be shown in the SCTA database Team Selection table for the relevant discipline. A marked-up points system will be used for the Sporting discipline.

Providing shooters satisfy all selection criteria and general conditions decided by the Management Board of the SCTA or a properly constituted Selection Committee they will be considered for Selection.

**It is the shooter's responsibility to ensure they comply with the General conditions of eligibility and eligible scores and all other requirements as laid down by the SCTA**

## **General conditions**

If a shooter does not have enough scores they will not qualify. If a shooter does not have an area championship score, they will not qualify. If a shooter does not compete in the relevant Scottish Championship they will not qualify. If a shooter does not want to be considered for team selection, they should inform the relevant discipline representative. Members must abide by all discipline specific rules.

The Management Board's decision is final in all selection matters as detailed in section 3 and 4 of the By-laws.

## **Membership and Eligibility for Team Selection:**

Only fully paid up members of the SCTA are eligible for Team places. Membership starts on the 5th January, and membership renewal should be paid before that date. For existing or lapsed members their membership renewal must be received before the 1st March of the current year for the shooter to be eligible for selection. Membership renewal payments will be accepted up until the 1st March, however scores from selection shoots after the 31st December till the date the membership fee is paid will not count towards team selection.

New members may join the SCTA at any time during the year and if they comply with all other requirements, they will be eligible for Scottish Team selection.

The Management Board reserve the right to refuse a team place to any member who, by previous conduct, is considered by the board to be unsuitable to represent Scotland. The Management Board also reserve the right to select shooters by invitation in order to make teams up to full numbers or as near as possible full numbers, on recommendation of the relevant discipline selection committee. A discipline selection committee should consist of Management Board members, discipline representatives, team managers, and if possible, team Captains.

### **International team Dress Code:**

Shooting in practice or at the International event, you are required to wear a Scotland Shooting vest. Other than the jacket manufacturer's, the only badges allowed are your name above the breast pocket, a Scotland Team badge on the breast pocket, discipline flashes and year flashes. ISSF disciplines must comply with the ISSF clothing rules applying at the time.

Trousers, tailored shorts or a Kilt can be worn while shooting but in the case of the latter it must be worn with the correct accompanying accessories. A shirt or jersey with long or short sleeves, not sleeveless and a normal shooting hat. Hearing and eye protection MUST be worn.

For the Team photographs and prize giving banquet, dark blue blazer with Scotland blazer badge, grey trousers, dark socks, black shoes, white shirt with a Scotland Team member tie. Ladies may opt for a grey or tartan skirt or grey trousers, variances in tartans are acceptable. Ladies may wear a Scotland team member cravat.

New caps will receive a subsidy of £50 towards their first Scotland shooting jacket on application in writing to the Association Treasurer. No patterned camouflage wear or equipment of any sort is permitted. The SCTA has a range of clothing available to order from a link on the website.

### **Home International Team Sizes:**

#### **DOWN THE LINE**

20 Seniors, 5 Ladies, 5 Juniors, 5 Veterans, and 5 Super Veterans

#### **NATIONAL SKEET**

10 Seniors, 3 Ladies, 3 Juniors, 3 Veterans, and 3 Super Veterans

#### **NATIONAL SPORTING**

15 Seniors, 3 Ladies, 3 Juniors, 3 Veterans, and 3 Super Veterans

#### **AUTOMATIC BALL TRAP**

12 Seniors, 3 Ladies, 3 Juniors, 3 Veterans, and 3 Super Veterans

#### **OLYMPIC TRAP**

9 Seniors, 2 Ladies, 2 Juniors, 2 Veterans, and 2 Super Veterans

#### **OLYMPIC SKEET**

9 Seniors, 2 Ladies, 2 Juniors, 2 Veterans, and 2 Super Veterans

#### **FITASC SPORTING**

9 Seniors, 2 Ladies, 2 Juniors, 2 Veterans, and 2 Super Veterans

### **Scottish Team Categories (DTL, ABT, OTR, OSK, NSP, FSP).**

If a shooter does not wish to compete in their default category then they must inform the discipline representative before the Scottish Championship, which category they wish to be considered for. It is the responsibility of the shooter to advise any requested change in category. If no request has been made the default categories will be applied.

For example, a Lady can opt to shoot in the senior team, a Lady Junior may opt to shoot in the Junior and not Lady category, a Veteran may opt to shoot in the Senior category etc., **before** the Scottish Championship. The relevant number of qualifying scores for that category **must** be attained to be considered. Once this choice has been made, that shooter will be judged against the other competitors in that category for a team place. If that shooter does not qualify in the chosen category, then that shooter **MAY** be offered a different category place if there is a place available and their scores qualify them. NB: For NSK: Shooters compete in their default category eg junior lady veteran etc. Any shooter may opt to shoot in the open (senior) category

however must notify the discipline rep no less than 1 clear month prior to the Scottish Championship date

**Senior (OPEN) teams.** There are no gender rules or age limits on shooters for the Senior (Open) Team.

**Junior teams.** A member must be **under the age of 21 on the 1st January** in the year of the International to qualify as a Junior. Proof of age is required; other age restrictions apply for Eire and Northern Ireland.

**Veteran teams.** A member must be **over the age of 55 on 1st January** in the year of the international to qualify as a Veteran. Proof of age required.

**Super Veterans Team:** A member must be **over the age of 65 on 1st January** in the year of the international to qualify as a Super Veteran. Proof of age required

#### **Ladies Teams.**

To qualify for the Ladies category a person must be of female gender at birth or be a male to female transsexual. Individuals who have undergone gender reassignment after puberty are eligible for participation in their acquired gender providing that they have lived fully in the acquired gender for at least two years. The individual will be required to provide original documentation or certified copies to be held by the SCTA of the following:

**A.** Written confirmation from the individual's GP that all required surgical anatomical changes have been completed two years prior to the application and that hormonal therapy has been administered for a sufficient length of time to minimise any gender related advantages whilst clay target shooting. **B.** The Gender Recognition Certificate. **C.** The revised Birth Certificate if available.

The above requirements are in accordance with the policy on transsexual competitors issued by the International Olympic Committee and also conform with the recommendations set out in the UK Sport guidance booklet "Transsexual People and Sport" published by the Department for Culture, Media and Sport.

#### **Ties for team places**

Ties for team and reserve positions will be resolved by a shoot-off under the relevant discipline rules at the relevant Scottish Championship. Any shoot-off for these places must take place as soon as the results are known.

#### **Team Captain.**

The position of Captain of each Scottish Team will be offered to the team member with the highest score following the completion of the selection procedure (scores for competitions of more than 100 targets will be averaged). Should the shooter decline it will be offered to the next eligible shooter until the vacancy is filled.

Any ties will be decided by a shoot-off in accordance with the rules applying to team places as previously outlined.

In order to be eligible for Team Captain shooters must be a minimum of 18 years of age on the 1st of January of the year of the Home International and have previously represented Scotland.

**DTL Captain(s)** The Overall Scottish Team Captain will be the Captain of the Senior Team, Captains for the remaining categories will offered to the Team member with the highest aggregate score from each category.

**Scores from other ICTSC affiliated bodies and Events outside Scotland:** The best 2 scores a shooter achieves from affiliated bodies will be recognised for team selection providing correct validation is supplied, if from a GB Selection Shoot, Grand Prix, British Open, Home Country Championship, (not Home International) or from a selection shoot held by any recognised clay target governing body. **It will be the responsibility of the competitor to provide the Association via the discipline representative or administrator proof of their score achieved at such an event along with (in the case of Sporting) the winner's score**, this can be in paper form verified by an official from the host ground or association or in electronic form provided the results of the competition are in the public domain (i.e., website or internet). The results can be posted by surface mail or by e-mail but **must** be received by the appropriate person within 21 days. It will be the responsibility of the competitor to check that the event is valid for team selection.

### **National Sporting and FITASC**

No "registered" shoots out with Scotland will be considered towards Team Selection for National Sporting or FITASC (Only the Shoot types listed above will be considered).

**Carry forward scores:** A maximum of 2 scores can be carried forward from shoots held between the Scottish Championship in the preceding year and 31st December. Otherwise all the required scores must be obtained between 1st January and before the allotted cutoff date before the relevant Scottish Championship, (see membership and eligibility) this being the end of the open selection period. Where scores are obtained from a 2-day shoot of 200 targets or more, which takes place between the Scottish Championship and 31st December in the preceding year then no further scores may be carried forward.

**Members who are Permanently Resident Out with Scotland:** An MPROS may use a maximum of 3 scores from registered or selection shoots obtained from at least 2 different grounds in their country of residence. (If such scores are used then rules outlined above apply) Failing this the scores in question will be disregarded. MPROS must use a SCTA membership number at shoots out with Scotland if they intend the score to be used for team selection.

**2 Day shoots:** Where a shoot is held over 2 days, the 2 days scores cannot be split if a competitor completes both days. If for any reason a competitor only completes 1 day then the first day CANNOT be used but the second day CAN be used. Where a 2-day shoot is of less than 200 targets (e.g. Olympic disciplines) the calculated percentage score will be used.)

### **Type and number of shoots**

#### **Scottish Championship**

Members must compete in and complete the requisite number of shoots, including the relevant Scottish Championship. If the Scottish Championship is a 2-day competition, then all categories must compete and complete in both days' competition.

#### **Area Championships**

**At least 1 (one) Area Championship MUST be included** in the required number of shoots. This applies to all disciplines and all categories i.e. Senior, Lady, Junior, Veteran and Super Veteran.

### **Dispensation**

The requirement to compete in the relevant Scottish Championship may be waived at the discretion of the Management Board on receipt of a request in writing at least 14 days prior to the Championship (unless circumstances prevent this). This dispensation will only be granted after consideration by the Management Board for occasions such as a family bereavement, or if they have been selected to shoot in a clashing International, or if they are representing GB in a team event, or on production of a medical certificate, or other extenuating circumstances.

If a dispensation is granted the shooter will have to shoot a nominated competition as an alternative Championship and have the score witnessed. The nominated competition will be subject to prior SCTA Management Board approval.

### **Team Expenses**

For Home Internationals on the British Mainland £100. For Ireland, Channel Islands £150.

#### **Number of scores required (not including Scottish Championship)**

Discipline	Seniors	Ladies	Juniors	Veterans	Super Veterans
ALL	4	4	4	4	4

### **Number of shoots from any One Ground:**

ABT, OT, OS, NSK disciplines and all categories a maximum of 3 (three) scores from any one ground. DTL, FITASC and NSP disciplines a maximum of 2 (two) scores from any one ground for all categories.

### **COMPULSORY AREA CHAMPIONSHIPS EXPLAINED**

As a part of the Scottish Team Selection Procedure shooters are required to shoot in at least one compulsory Area Championship. Once a compulsory shoot score has been obtained this will be reflected in our database, for team league placement the highest score attained at an Area Championship will be used for team ranking, any other Area Championship score attained will still be used for Team selection, but these scores will become ordinary selection scores.

In addition to the four normal Area Championships the Management Board of the SCTA felt it was necessary to accommodate those members who live on the outlying Islands to stay engaged in the team selection process without the need to travel to the mainland on a certain date and as such we have provided these clubs the opportunity to hold one (1) Island Compulsory shoot in each discipline.

All SCTA members can if they wish shoot at an Island compulsory shoot, but their score will be classed as an ordinary selection shoot. Only an Islander may use their score as a compulsory Area shoot. This ensures that everyone can only gain a benefit from an equal number of area compulsories (4). If a shooter who shoots both a compulsory Island shoot and a South Area Championship only the score from the Island compulsory shoot can be used as a team ranking score although the score from the South Area can still be used as an ordinary selection score.

### **MPROS (Members permanently out with Scotland)**

Do not have a designated Scottish area allocated to them and their membership card will reflect this as "O"
